Skills

Software:

ProTools, Adobe Photoshop, After Effects, Media Encoder, Dreamweaver, Premiere, Microsoft Office, Final Cut Pro, Avid Media Composer, DVD Studio Pro, Apple Color, and Compressor

Cameras:

Sony EX-1, Panasonic DVX 100, HPX 170, HVX 200, and Canon 7D and 5DmkII.

Media Experience

Xenia Media San Francisco, CA

January 2010-Present

Canon 5D and 7D operator for video test shoots. I was also responsible for editing and color correcting test footage. I also assembled a post-production team to create short informational interviews for the company's website.

A2H2 online magazine San Francisco, CA

2009

Produced a webisode for the magazine covering a VH1 awards ceremony and after party. I was responsible for assembling a team to shoot, light, and edit the after party. I also shot and co-edited the ceremony and after party footage for use as an online article.

San Francisco Film Society San Francisco, CA

April-October 2009

Film Screener for the San Francisco International Film Festival short films category. I also shot Q&A sessions and interviews for the 2009 SF International Festival, including an Interview with Robert Redford, which ran on SFGate.com

C.E.O. Women San Francisco, CA

January-March 2009

Produced a series of instructional videos to help immigrant women start small businesses, which entailed organizing shoot schedules for each interview, setting up lighting in very limited spaces, as well as shooting and co-editing each video.

Education

B.S. in Digital Film and Video Production

2007-Present

Art Institute of California-San Francisco, San Francisco, CA
I am currently scheduled to graduate during the summer quarter of 2010.

B.A. in Biology

1998

University of Chicago, Chicago, IL
